Executive Roundtable: Fueling Growth Through Smarter IT Planning

9:00 AM-12:00 PM

C-suite leaders are under competing pressure: market volatility, rising costs, and unpredictable contracts make it harder to balance operational control with growth. At the same time, innovation can't wait, funding must be unlocked faster and decisions made with confidence.

Join fellow IT and Finance leaders for a peer-to-peer discussion to share how they're aligning strategy with spend, funding innovation, and driving enterprise-wide agility.

What will be discussed?

Enterprise & Finance Alignment

Hear how leaders keep IT financial plans and enterprise forecasts in sync—improving trust in the numbers and

accelerating decisions.

Agile Scenario Planning

Learn proven strategies to manage cost volatility, workforce complexity, and contract unpredictability.

Innovation Funding

See how modern planning tools help shift resources from “run” to “grow” initiatives—fueling transformation without sacrificing control.

Cap off the Experience at the F1 Grand Prix
