Security is a Team Sport. Break Down the Silos

Building trust and reliance across technology and security teams is key to defending the enterprise. As security stacks incorporate Security Service Edge (SSE) to sustain the SASE journey, the partnership between CIOs, CISOs, and their teams is more important than ever.
Join this dinner to learn about:
Best practices for IT and security collaboration
Communicating the importance of SSE to your CEO and Board
Improving internal stakeholder relationships to fuel business outcomes
