

# AGENDA

SASE in 2026: An Enterprise Roadmap for Scalable, and Converged  
Networking and Security

## Executive Dinner

### SPEAKERS

**Bradley Schaufenbuel**  
VP & CISO  
Paychex

**Ram Tyagi**  
CIO  
City of Aurora

**Jeff Szamborski**  
Enterprise IT,  
Architecture & Risk  
Leadership  
Group 1001

**Elizabeth Johnson**  
Global Director, Data  
Integrity & Strategic  
Governance  
Ipsos

**Arun Dhanaraj**  
Vp of cloud  
Mizuho

**Helena Phan**  
Sr. Director Internal  
Audit & IS  
LSC Communications

**Jonathan Fowler**  
Senior Manager IAM  
Authorization  
Smithfield Foods

**SASE IN 2026: AN ENTERPRISE ROADMAP  
FOR SCALABLE, AND CONVERGED  
NETWORKING AND SECURITY**

**April 09, 2026**

5:30 PM-9:00 PM

Central Time

Enterprises are at a pivotal moment in their security and networking evolution. Hybrid work is permanent, cloud and SaaS adoption continue to accelerate, and AI-driven threats are increasing both in speed and sophistication. As users, applications, and data move beyond the traditional perimeter, enterprises must deliver consistent security and optimized access—everywhere—without increasing operational complexity.

This keynote explores how Secure Access Service Edge (SASE) provides a unified, architecture-driven approach to converging networking and security. Attendees will gain a practical roadmap for evolving toward a scalable SASE strategy in 2026—one that strengthens identity-centric controls, simplifies operations, reduces architectural sprawl, and enables enterprises to modernize incrementally while protecting existing investments.
