**NO AI WITHOUT APIS: STRATEGIES FOR
SECURE AI USAGE IN THE ENTERPRISE**

October 09, 2024

6:00 PM-9:30 PM

United Kingdom Time

AI is inherently driven by APIs, accelerating API traffic growth. But securely adopting AI across an organization requires addressing

cross-cutting concerns like data security, AI governance, multi-model integration, and cost optimization. Whether you're looking to build multi-AI applications faster, a platform team enabling self-service AI capabilities, or a data scientist needing robust AI workflows - this is a must-attend session to future-proof your AI strategy. Unlock the transformative power of generative AI while ensuring governance and responsible adoption.
