The Data Modernisation Journey

9:30 AM-2:00 PM

[www.cvisionintl.com](http://www.cvisionintl.com)

Join us at our in-person event to learn how companies are crafting their modernisation journey and making the most of the power of data as a function of their workflows.

**Registration & Networking**

9:30 AM-10:00 AM

**Opening Keynote**  
What's next in Data & AI?

10:00 AM-10:15 AM

**Data and AI Market Trends**  
Discover industry trends in data and artificial intelligence (AI) we are seeing from work with customers and data ecosystem partners including; breaking down silos, open data ecosystems, what the future of automation can bring for new types of decision making, and how leading organisations are addressing security, data management and governance.

10:15 AM-10:30 AM

**AI & Data Strategy in your Organisation**  
How should companies cope with adoption of new technologies given the pace of recent change in the AI space.
